1.3 Add-on Courses/ Certificate Courses

1.3.1 Number of Courses (to be specified separately)

Students benefited = Up to 30%

The Retailer Association's Skill Council of India, officially recognized by the National Council for Vocational Education and Training (NCVET), successfully conducted a comprehensive skill competency certification program that witnessed remarkable participation from Government College Kullu. This prestigious certification program, designed to enhance practical retail skills and industry readiness, attracted over 200 dedicated students from the institution who successfully completed the rigorous training curriculum. The program represents a significant milestone in bridging the gap between academic learning and industry requirements, equipping students with nationally recognized credentials that validate their competency in retail operations, customer service, inventory management, and sales techniques. This achievement not only demonstrates the commitment of Government College Kullu toward providing industry-relevant education but also highlights the successful collaboration between educational institutions and skill development councils in preparing students for meaningful employment opportunities in India's rapidly growing retail sector.
